## ***Trees Are Never Lonely: Questions and Enrichment Readings and Activities***

1. In the story *Trees Are Never Lonely*, the people, the animals, and even the leaves depend on the tree to help them in different ways. Can you name the ways the tree helps them?

From their roots to their leafy branches, trees provide homes for many plants and animals. Homes, or *habitats*, are the places where plants and animals get the things they need to survive. What are the things that you need from your family in your home, and what are the things that you give to them?

Here are some ideas for sharing the earth and creating a backyard habitat:
